REPORT OF THE AUDITORS TO THE MEMBERS OF ONYIDO AND ONYIDO LIMITED

We have examine the financial statements set out on page 5 to 7 and have obtained all the information and explanations which we considered necessary for the purpose of our audit.

In common with many businesses of similar size and organization, the company's system of control and record keeping depended upon the close involvement of the executive chairman and Director who are the only shareholders. Therefore where independent confirmation of completeness of the accounting record was not available, we have accepted assurance from the Executive Chairman that all the company's transactions have been reflected in the statements.

The company complied with the provision of the productivity price and income policy guidelines for the year under review.

Subject to paragraph 2 above, in our opinion the financial statement which have been prepared under the historical cost convention, gives a true and fair view of the state of the company's affairs as at 31st December, 2022 and of its loss for the period and company with the requirements of Companies and Allied Matters Decree 1990.

REPORT OF THE AUDITORS TO THE MEMBERS OF ONYIDO AND ONYIDO LIMITED

We have examine the financial statements set out on page 5 to 7 and have obtained all the information and explanations, which we considered necessary for the purpose of our audit.

In common with many businesses of similar size and organization, the company's system of control and record keeping depended upon the close involvement of the executive chairman and Director who are the only shareholders. Therefore where independent confirmation of completeness of the accounting record was not available, we have accepted assurance from the Executive Chairman that all the company's transactions have been reflected in the statements.

The company complied with the provision of the productivity, price and income policy guidelines for the year under review.

Subject to paragraph 2 above, in our opinion the financial statement which have been prepared under the historical cost convention, gives a true and fair view of the state of the company's affairs as at **31st** December, **2023** and of its loss for the period and company with the requirements of Companies and Allied Matters Decree 1990.

COMPANY PROFILE

About Us:

Onyido & Onyido ltd is a building /civil Engineering company specialized in the construction of projects for a broad range of clients including private, government, commercial & corporate institution.

Since 2001, we've provided engineering solutions to a number of clients and have completed high quality building and road projects in Lokoja, Kaduna, Abuja and Anambra states. We also offer design-build (turnkey) services in partnership with a number of Architectural firms as consultants.

Onyido & Onyido ltd is made up of skilled staff & field team members who have overtime established a standard of excellence in the construction industry. We are recognized as one of the most experienced construction companies in Lokoja & environs with a track record of completing quality projects on time and on budgets. Our success and growth over the years is hinged on our ability to consistently deliver construction projects to the highest standard regardless of the size and location.

We have partnered with seasoned construction firms such as Archcon Nig. Ltd. on the specialist Hospital project, Rockbridge construction company on numerous road projects in Lokoja. Our greatest advantage is our commitment to deliver projects efficiently and economically to the clients satisfaction.

Profile

A proficient architect with over 15 years experience. With a passion for design, concept development, 3D visualization, animation, landscape design, real estate consulting, interior design, construction, and project management.

His knack for envisioning intricate designs and translating them into tangible structures is evident in every project he undertakes. He has a unique ability to blend aesthetics and functionality, resulting in designs that not only capture the imagination but also serve the practical needs of his clients.

Employment History

Architect, Homeland Consults Limited, Abuja

June 2019 — Present

- Worked in high-end residential construction, providing optimal architectural design work for clients.
- Collaborated with design consultants, subcontractors and clients to ensure that projects ran smoothly.
- Served as an integral part of a design team to carry projects from freehand schematic design presentations to construction.
- Developed spreadsheets and project timelines and communicated all necessary details to colleagues and clients.
- Demonstrated professionalism and a commitment to excellence at all times.
- Participated in business development activities and advised regarding marketing pursuits.
- Maintained strong relationships with clients and consultants.

Junior Architect, Onoba Associates, Abuja

May 2009 — November 2018

- Coordinated with all engineering disciplines and external consultants.
- Handled technical detailing and document production.
- Participated in the conceptualization of design projects.
- Developed, prepared and coordinated presentation and documentation materials
- Prepared code and zoning reviews.
- Worked collaboratively with principal architects and other project leaders.
- Followed established standards for project production.
- Proficietly created visualizations with 3D modeling programs.

- Communicated regularly to management and the project team with project updates.

Education

Master of Architecture, University of Jos, Jos

July 2005 — October 2008

Bachelor of Science , University of Jos, Jos

September 1999 — November 2004

Mount Zion Fabrication yard, Port harcourt, Rivers state Nigeria.
HSE Manager

Current Projects:

1.Project: Shop Fabrication and load out of platform structures, piping and appurtenances

Client: Chevron Nigeria Limited (CNL)

2.Project: Pipeline leak repairs and maintenance

Client: Nigeria Agip oil company (NAOC)

3. Project: Provision of shore base logistics and supply services

Clients: Aiteo exploration and production limited/Eroton exploration and production limited.

4. **Project**: Fabrication of E- houses and installation of electronic controls including HVAC and Fire/Gas systems

Client: Schneider Electric

- Coordinate with quality team leads to sustain ISO 9001:2015 quality management systems certification.
- Developed a strategic approach to bidding and tendering process that successfully achieved over 70% conversion from tender to contract award.
- Developed a management systems strategy to continually improve the efficiency of business HSE and quality management systems.

- Achieved 100% senior management buy in and stakeholder engagement for all safety and quality related initiatives across all projects.
- Designed, developed and implemented a comprehensive statistic gathering and trending analysis program across the group ensuring concise reporting at both business unit manager and workforce levels.
- Developed strategic approach to integrate HSSE performance requirements for subcontractor and contract requirements into supply chain management process to achieve 100% efficiency in service delivery
- Instituted a companywide behaviour based safety program to coach, mentor and influence workplace habits and achieved appreciable level of management buy in for HSE initiatives.
- Developed and implemented a facility wide risk assessment based on approved construction work method statements and procedures to achieve 100% risk minimisation of all proposed work activities.
- Designed and implemented an enterprise wide audit and inspection program to ensure 100% reduction of all identified anomalies to as low as reasonably practicable (ALARP)
- Established a culture of compliance in conjunction with the legal team across all business units leading to 100% compliance with all applicable national and international regulations
- Developed and implemented a HSE training program across all departments for workforce including new personnel and all contractors within the facility.
- Act as focal point on all HSE compliance requirements with regulatory agencies
- Collate all corrective action requests and ensure closure of identified anomalies
- Coordinate incident reporting and investigation to determine root causes.
- Developed and implemented a system to encourage positive HSE performance.
- Developed emergency response arrangements across all work locations and ensure effective collaboration with all applicable local emergency services.

2013 – 2017 NESTOIL Limited, Nigeria.

Client: Nigerian National Petroleum Corporation (NNPC)

Project: EPC of Obiafum – Obrikom – Oben (OB3) lot A 48" x 64 km gas supply pipeline project

Project HSE coordinator

- Developed and implemented project HSE/Risk management and other HEMP deliverables from scope of work that has led to over one (1) million ZERO LTI mile stone on the project to date.
- Developed and tracked implementation of project risk management framework
- Facilitated trainings/inductions, HSE campaigns, inspections/audits, incident/accident review and reporting, emergency response drills, HSE Meetings, Management presentations/reviews, Corrective action close out to achieve 100% implementation of project HSE monitoring schedule.
- Participate in technical review sessions (HAZOP, HAZID, Constructability reviews) in all phases of the project

- Successfully implemented 100% subcontractor QHSE prequalification capability assessment to date. Achieved 100% personnel and equipment pre-mobilisation validation.
- Developed a peer based HSE mentoring scheme for the workforce. This initiative successfully reduced unsafe acts and unsafe conditions on the project.

2011 - 2012 NESTOIL Limited, Nigeria

Client: Shell Petroleum Development Company, Nigeria

PROJECT: Soku Gas plant – New San Barth Manifold (12" x 22 KM), Soku Gas plant – Ekulama 2 Flow station (18" x 16.5 KM), 2 Nos. Soku Gas plant - Soku Flow station (10" x 4.5 KM)

HSE SUPERVISOR

- Supervised a ten (10) man HSE team on site with a total manpower strength of over 400 persons and achieved over 2 Million Man hour ZERO LTI on the project
- Advised site management team and discipline engineers on HSE deliverables using ALARP principles. This led to better appreciation of HSE processes in construction.
- Initiated in-house cross-team meetings to generate mid-level ideas to pitch to project management team for increased management buy – in of HSE/security concerns on site.
- Facilitated trainings/inductions, HSE campaigns, inspections/audits, incident/accident review and reporting, emergency response drills, HSE Meetings, Management presentations, Corrective action close out to achieve 100% implementation of project HSE monitoring schedule.

2008 – 2011 Nestoil Limited

Client: Shell Petroleum Development Company, Nigeria

PROJECT: 24" X 40 KM NEMBE CREEK TRUNKLINE REPLACEMENT/8" X 12 KM BELEMA delivery line replacement

HSE INSPECTOR

- Participated in a team of twelve (12) corporate and project HSE personnel to achieve over 2 Million Man hours NO LTI on the project.
- Analysed and trended hazard / incident (unsafe acts/unsafe conditions) on site.
- Participated in trainings/inductions, HSE campaigns, inspections/audits, incident/accident review and reporting, emergency response drills, HSE Meetings, Management presentations, Corrective action close out to achieve 100% implementation of project HSE monitoring schedule.
- Any other duty as may be assigned by HSE coordinator

Okafor Akachukwu's Profile

Akachukwu is the Founder and Principal Partner at Change Partners International, an energy, environment, climate change and sustainability consultancy firm that specializes in providing sector policy analysis, policy reform support, market intelligence services, broad stakeholder engagement and facilitating public private partnerships in the African market. He is a member, Technical Advisory Committee on Green Economy at the Nigeria Climate Innovation Center (NCIC) and also the Nigeria National Focal Point, Transport and Climate Change Global Status Report (TCC-GSR) of the Partnership on Sustainable, Low Carbon and Transport (SLoCaT). He was a speaker on Finance and Investment at the 2019 Green Growth Knowledge Platform (GGKP), Seoul, Korea organized by the Global Green Growth Institute (GGGI). Akachukwu is among the few Nigerians/Africans that have toured Russia's latest 3+ generation Nuclear Power Plants at Novovoronezh, Russia at the invitation of Russia State Nuclear Cooperation (ROSATOM).

Akachukwu worked as an energy policy analyst at the Africa Centre for Energy Policy (ACEP), Accra, Ghana on an IREX/USAID leadership exchange program where he contributed to the development of policies and plans for sustainable energy development for Ghana and Liberia. He is a member of a consortium commissioned by a NIRSAL – a Central Bank of Nigeria agency and the Federal Ministry of Environment, Nigeria to get Nigeria registered as an accredited entity of the Global Climate Fund (GCF) and design pipeline of sustainable climate smart agriculture projects for financing. He was the Editor, Energy and Environment, Initiative for Policy Research and Analysis (InPRA) and has knowledge of and experience within Nigeria's energy sector and is also well published on the subject and speaks in local and international media. He is a peer reviewer for Energy Research and Social Science journal published by Elsevier and a faculty member and coach at Green Women Fellowship, Nigeria. In 2013, he received an award from the Foreign Affairs Ministry, Republic of Korea for his essay entry on useful purposes of the Cyberspace in a global competition as part of the global cyberspace conference. Akachukwu has led several grassroots engagements and gender mainstreaming projects across different mining host communities and none mining communities in Ebonyi, Kogi, Gombe, Benue, Nasarawa, Kaduna and Niger states and in the Lake Volta region of Ghana.

Akachukwu is a 2017 Mandela Washington Fellow (Public Management, University of Maine, a United States Department of State Fellowship) and holds a Master of Science in Energy Policy for Sustainability from Science Policy Research Unit (SPRU), University of Sussex, United Kingdom. He is an Associate Member, Institute of Strategic Management Nigeria and received United Nations specialized leadership trainings at New York and Geneva.

ubsribadu@gmail.com | 07033104899 | 5 Galadima Faruk street, Yola
Local Government of origin: Yola South, Adamawa state
Marital status: Single | Date of birth: 22 July 1993
Member Nigerian Computer Society (NCS) - 11285

PROFESSIONAL SUMMARY

Self-directed Software Engineer and innovative thinker with capability for developing creative solutions to complex problems. Seeking a position with the opportunity for new challenges and professional development and advancement while adding value to Nigeria.

EDUCATION

Bachelor of Science: Software Engineering (Second Class Upper) 2012 - 2016
American University of Nigeria | Yola
Average Marks at university : 1st year - 84.75%, 2nd year - 84.75%, 3rd year - 88.75% and 4th year - 93.00%

- Award of academic excellence, [Spring, 2016]
- 3.52/4.00 CGPA

Senior School Certificate Examination (WASSCE) 2005 - 2011
Ahmadu Ribadu College | Yola

Primary School Leaving Certificate 1999 - 2005
ABTI International Nursery and Primary School | Yola

CERTIFICATIONS

Certificate of National Youth Service 22/11/16 – 04/11/17
National Youth Service Corps (NYSC)

Certificate of Basic ICT Competency 21/11/11 – 03/02/12
African Centre for Innovation and Training | American University of Nigeria

SKILLS AND ABILITIES

- Microsoft office package
- Web and mobile application development
- JAVA, PHP, RUBY, C#, HTML, JAVASCRIPT, ANDROID
- Team leadership
- Team player
- Database Administration
- Server administration
- Interpersonal communication skills
- Project management
- Fluent in English, Hausa and Fulfulde
- Negotiation

WORK HISTORY

Jan 2018 - Current
Software Engineer
Flexfinity Media Limited – Abuja, Nigeria

- Continuously reviews current systems within the organization, presenting ideas for system improvements and developing the ideas including cost/benefit analysis.
- Works closely with other team members handling different projects within the organization, for congruence.
- Strives to identify and remedy network performance bottlenecks and ensuring IP connectivity of all workstations, application servers, and back-end office infrastructures are in good working conditions.
- Creates, updates, and maintains documentation of network, software applications and servers.
- Serves as the project manager and team lead for the company overseeing major new enhancements to existing software systems.
- Worked closely with clients to establish problem specifications and system designs.
- Collaborated with product management to design, build and test systems.
- Built, tested and deployed scalable, highly available and modular software products.
- Modified existing software to correct errors, adapt to new hardware and improve performance.

Jan 2017 - Oct 2017

Software Developer
Centre for Satellite Technology Development (CSTD, NASRDA) – Abuja, Nigeria

- Served at ground segment along with engineers responsible for image capture scheduling and image processing.
- Worked on developing a desktop image storage application using visual basic.

Jun 2016 - Oct 2016
Volunteer Instructor

Nigerian ICT Literacy Foundation (NILF) – Yola, Nigeria

- Taught instructed interested basic computer operations including use of internet, email and office productivity tools such as Microsoft word, excel, and power point to the less privileged students.
- Shared career advice to students willing to pursue advance computer studies.

Jun 2015 – Aug 2015
Software Developer Intern
Quanteq Technology Services Limited – Abuja, Nigeria

- Wrote java applications in three-tier architecture.
- Worked in a team of three engineers to design and develop an Android software solution.
- Created web services to insert and update back-end data by inter-communicating between PHP and MySQL.
- Identified and suggested new technologies and tools for enhancing product value and increasing team productivity.
- Learnt and used git source code manager (scm) for

version control.

Aug 2012 – Jul 2016
Volunteer
American University of Nigeria – Yola, Nigeria

- Taught selected illiterate women in Yola community reading and writing skill.
- Participated in after-school lessons for under performing pupils in selected community primary school.
- Taught basic computer operations (such as start-up, shutdown, copy, move, paste, and opening applications) to secondary school students.
- Assisted in new students orientation with course registration and clearance as well as adapting to the university life.

PROJECTS

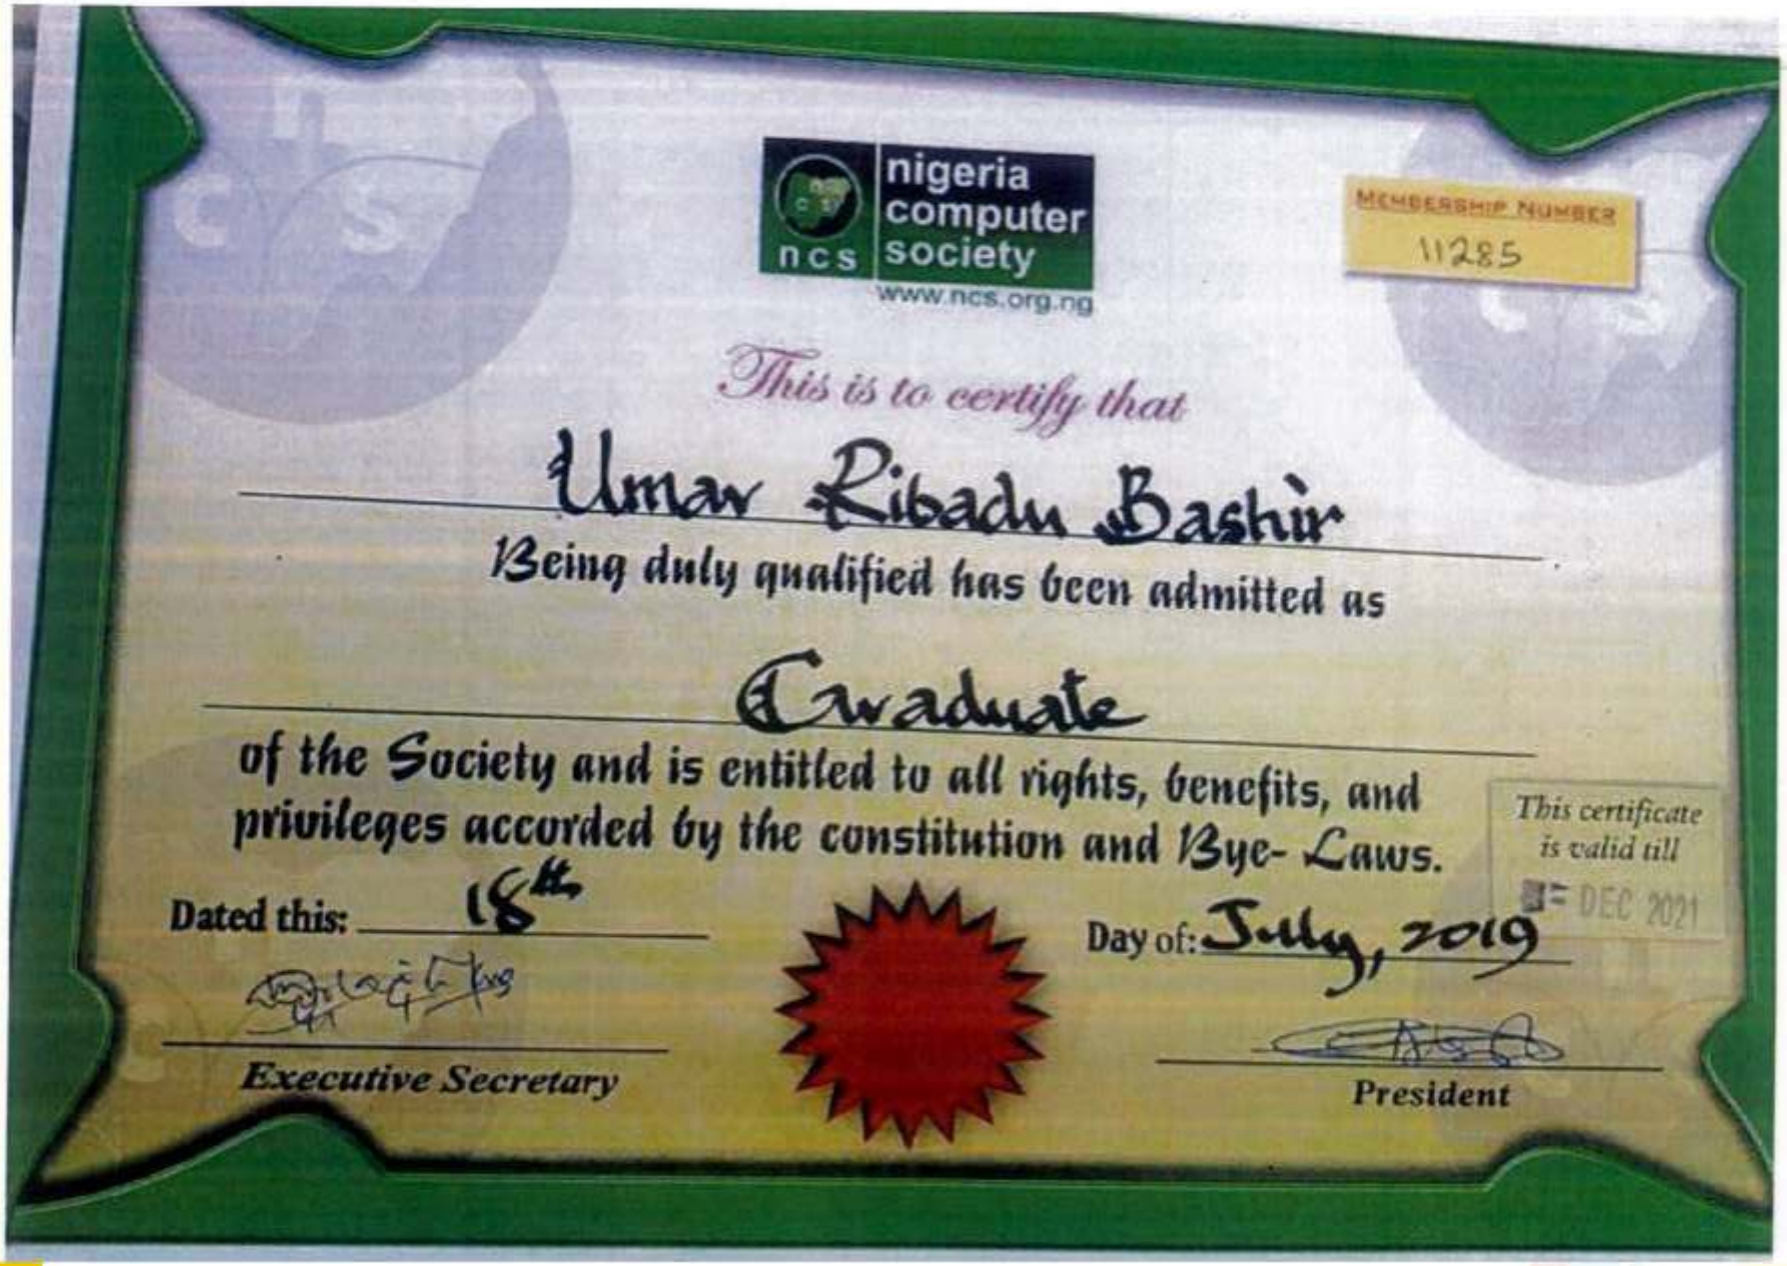

E-OIL MARKET POINT SYSTEM – Web application (undergraduate project)
AIRTIME RECHARGE – Android application (airtime top-up mobile application)
HOAMS – Web application (hr application system)
HITCH – Web application (content delivery network)
FLEXEDU – Web application hosting (learning management system delivery)
Others include: sapridegames.com; tryhitch.com; espressotravels.com.ng; dcehi.org; maestro.com.ng

OBJECTIVE

My objective is to obtain an IT related job that challenges me to use my acquired skills to provide an appreciable quality result and innovative solution that provides mutual progress for my company and her clients.

ACHIEVEMENTS

Innovate CRM/ERP

I have in collaboration of team of two have built a fully functional Customer Relationship Management and Enterprise Resource Planning System integrated with POS used by multiple customers across Mauritius at JK-Innovation.

Lubricant Finder (Total Mauritius Branch)

I have built Lubricant Finder, a standalone web application implemented on a touch standalone pc for customers to find the recommended lubricant for their vehicle, at JK-Innovation.

Mobile food Ordering Application

Application for ordering food in Jam cafeteria (final year project Middlesex University)

Student Automatic Report-card generating system

This a simple application developed with MS Access forms (front view) and visual basic language. It simply calculates and generates student's report card and print directly for school (Sulaimanu Ribadu Academy).

Student Information System

An upgrade of the Report-card generating system with more features and flexibility. Developed with VB.Net and MS-SQL.

Game Development

I have built several games, spacecraft fighter, an arcade game and some kids learning game with complete admin backend and management.

Nigerian Health Insurance scheme (NHIS) website.

Built using content management system Joomla

Android mobile Photo album

A simply photo album graduating students with Google App Inventor

Dear Sir,

LETTER OF AWARD: CONSTRUCTION OF 100 CAPACITY, CHURCH BUILDING AT LFC OGIDI, KOGI.

Turnaround Greetings!

We are pleased to inform you that in consideration of your interview with the **National Directorate for Physical Planning and Development (NDPPD)**, your Company is hereby awarded the above **Contract** subject to the terms below:

1. **WORK DETAILS:** Scope of works is described in the BOQ and as shown in the construction drawings.
2. **CONTRACT SUM** shall be ***Thirteen Million, Nine Hundred and Ninety-Five Thousand, Two Hundred and Sixty-One Naira Twenty Five Kobo ONLY (₦ 13,995,261.25)*** *Inclusive of Provisional Sum.,*
3. **COMMENCEMENT & COMPLETION DATE:** Possession of site for commencement of work shall be within 72hrs of signing the Contract and completion shall be within **TWO MONTHS** from the period.
4. **CONTRACT DOCUMENT:** The following shall form integral parts of the contract so awarded:
   - Detailed, signed article of agreement.
   - Program of works.
5. There shall be payment of 30% mobilization fees and subsequent payment shall be based on measurement of works done per time according to agreed specifications. 5% Retention fee, six months after practical completion.
6. The presentation of a Certified **Advance Payment Guarantee (APG)** is pre-requisite for the payment of mobilization fees.

You are recuired to indicate in writing *with your company stamp* your acceptance of this offer within **24 hours** of its receipt to the office of the ***DIRECTOR, National Directorate for Physical Planning and Development (NDPPD), Mission Head Office, Goshen,*** with a copy sent to the Office of the undersigned without which the offer will automatically lapse. You will also initial your company stamp/seal on every page of the verified BOQ issued in affirmation of your acceptance.

Please be advised that this LETTER OF AWARD should not be construed as permission from Living Faith Church to begin works detailed in the Contract Agreement without due (written) clearance from the undersigned. Furthermore, no action should be taken unilaterally by your company at this time in respect of this Contract until an official Contract Start Date that will be duly stated, as Living Faith Church accepts no responsibility or liability for any actions taken based on the information detailed in this letter. Any such actions and their financial consequence will be entirely at your own risk.

Howbeit, works may only begin when:

1. *Agreement has been duly signed by both parties and submitted appropriately.*
2. *Our Stamped BOQs and Drawings are issued to you.*
3. *A written permit is given, and site handed over to you.*

Do accept our Congratulations.
